Rate Adjustment Proceeding)

CRT Docket No. 87-4 PBRA

ORDER

The Tribunal establishes the following order of cases to be heard in the 1987 Public Broadcasting Rate Adjustment Proceeding.

October 6 - Commencing at 1 p.m., at the Postal Rate Commission, the Tribunal will hear the case submitted by SESAC, Inc.

October 7 - Commencing at 10 a.m., at the Postal Rate Commission, the Tribunal will hear the case of PBS, to followed by the case of NPR.

October 8 - Commencing at 10 a.m., at the Postal Rate Commission, the Tribunal will hear the presentations of all other witnesses, including those witnesses reporting on settlements and/or joint proposals.

All witnesses will restrict their testimony to the matters stated in their written direct cases. In response to the request of Tad Crawford, counsel for the Coalition of Visual Artists Organizations, the Tribunal grants his motion that the Coalition's written pleadings be entered into the record without oral testimony, there having been no request from any party for the production of witnesses. PBS has indicated it will present its position on the visual works issue orally.

In the event that the testimony of any particular party extends beyond the time allotted, the schedule will be extended accordingly. Should the Tribunal grant leave for the hearing of rebuttal testimony, such testimony will take place on October 14.
